GROUP COACHING

FOR DIRECT SELLING LEADERS

Experience 6 key elements to achieve a more fulfilling, productive and prosperous life!

What is Group Coaching?

Group Coaching is a cost-effective process, led by a professional coach that maximizes the combined energy, experience and wisdom of group members to achieve their business and personal goals. The tele-conference model provides a confidential and supportive environment to gain new perspectives, skills and support for a balanced, successful and fulfilling life.

Benefits

- Increase your production and income and make time for yourself
- Learn the secret of attracting customers vs. the stress of selling to them
- Gain wisdom, strength and support from other successful peers
- Strengthen relationships by using the 7 essential coaching skills
- Get better organized to decrease stress and increase your work-life balance
- Befriend your 'inner critic' and gain a more powerful presence as a Leader

Your Coach, Jennie England, MS, PCC
